Režiser je ostavljen sam sa svojim filmom. On ponovno sabire note, sjećanje, scene i mjesta te slike i zvukove “Trilogije interspacijalnosti ljubavi”. Kako da se nosimo sa nečim što je nekada bilo naše?

A director is left alone with his film. He (re)collects the notes, the memories, the scenes, the places, the images, the sounds of “the trilogy of the interspatiality of love”. Distance and detachment take over. Disacknowledgement. How do we cope with something that once was ours? This isn't a trilogy anymore.
